TO WHOM IT MAY CONCERN

I am writing to you in support of Mr. Shair Ali. He has been my student for two years. Though many students ask me to make this request on their behalf, I only recommend students whom I feel are well-suited for the program of their choice. Shair Ali is one of those students and therefore, I highly recommend that he be given the opportunity to attend your university.

Mr. Shair Ali is an outstanding individual with a strong character. During his undergraduate academic study, he consistently demonstrated remarkable performance. I have also taught him courses, in which he consistently ranked among the top three students. Furthermore, I had supervised his undergraduate final year project, where he continued to exhibit commendable performance.

Mr. Shair Ali is dynamic, flexible and gets along well with people. He is a highly motivated individual with a strong ability to work both in a team setting and as an individual. He is a quick learner and articulate in conveying his ideas. He has the ability to produce impressive results in a wide variety of areas. He is a well-organized, self-motivated, and hard-working student. Additionally, he has a very positive attitude and truly embraces learning all there is to know about any particular subject.

In conclusion, Mr. Shair Ali has the necessary social, pedagogic, and scholarly attributes to make an outstanding teacher and researcher. I highly recommend that you consider his application, as he will be a great asset to your program. I'm sure you will find him to be a student whose talents will only shine further through your graduate program. It is my hope that you will accept his admission to your university. If you would like further information, please feel free to contact me.

Yours sincerely,

18/3/2024

Sheheryar Malik, Ph.D.
Professor - Department of Computer Science
Director - Riphah School of Computing & Innovation
Riphah International University, Lahore Campus
